

First day intro possibility

First day intros

To get to know my physical education class on the first day of school I would have them answer some questions to myself and the class while they each come up to sign in and to get their locker information. Lets say this is a PE 2 (elective class).

- 1) Do you play any sports here in the school or any sports outside of school?
- 2) What is your favorite sport to play or watch?
- 3) What is one activity besides a major sport that you would be excited to play here in class?
EX) Frisby golf, horseshoes, washers...
- 4) What is something that you are looking to take out of this this year of PE?
- 5) Why did you sign up for this class of elective PE?
